Strengths

- I thought Evita was very professional and very serious about helping us out. She really made it easy to come to her for help and was very knowledgeable about the material, really emphasizing what is more important to know. She easily coordinated the section with lectures, and when we fell behind in lecture she told us what we missed and caught us up a bit in section.
- She was always prepared and motivated and I liked that a lot.
- She knew what parts of the material were more important and presented material plus how to answer specific question.
- The section leader was excellent at presenting material that even the lecturer hadn't covered yet.

- Was very efficient in covering the material well.
- Evita demonstrated a thorough knowledge of the material, and generally did a fine job correcting the knowledge deficits that students might obtain during lecture.

- Stays on track
- creates an interactive environment for students and allows them to try themselves which is extremely helpful for the students
