

Have Fun With Math at the Julia Robinson Mathematics Festival

The Julia Robinson Mathematics Festival invites kids in grades 6-10 to explore intriguing, accessible mathematical activities at Princeton University on April 23, 2017.

This event's collaborative, non-competitive atmosphere offers an opportunity for students to explore the joys and power of mathematics with other kids and older mentors. We provide the mathematics and mathematicians to work with the students on the activities.

Who: 6th-10th grade students. All welcome.

When: Sunday, April 23, 2017, 2 p.m. – 5 p.m.

Where: Friend Center Convocation Room
Princeton University
35 Olden St., Princeton, NJ

Parking: North Garage on Prospect Ave. or Lot 10 on William St.

Contact: jrmfprinceton@gmail.com

Registration: <http://jrmf.org/festival.php?id=161>

Cost: \$10 in advance; \$15 at the door on day of event. Fee waivers available. Please preregister so we have enough activities for everybody.

More details: Information and a video of the Festival are at <http://juliarobinsonmathfestival.org>
